BOURBON CAMPAIGN IS LAUNCHED IN RICHMOND

WILSON GIVEN COMMENDATION BY T. E. HAYDEN

Clare D. Horner and B. F. Fly Given Good Hand as They Advocate Certain Corrections in Present State Administration Affairs.

The campaign in the interests of the several Democratic nominees for the state and national offices was opened in this city last evening before a good sized audience in the Tenth street school auditorium. The speakers were Hon. Clare D. Horner, who aspires to the assembly from this district; Hon. Thomas E. Hayden, former supervisor of San Francisco, who advocated the claims of James D. Phelan, nominee for United States senator on the Democratic ticket and B. F. Fly, campaign manager for J. B. Curtin, Democratic nominee for governor. Judge John Roth presided, and a number of prominent Democrats of the city acted in the capacity of vice presidents.

Horner was the first of the several speakers introduced. In a splendid address he aimed particularly at the iniquities of the Johnson primary law and presented in an able manner his ideas for their alteration and consequent remedying. He spoke of the other matters which will be given his attention in event he is elected to the office.

The masterly way in which the affairs of the present national administration have been handled by President Wilson during the two years of his term was the main theme of a stirring address by Hayden. The speaker entered into detail on the president's attitude toward the several colossal complications which have confronted the present administration, namely the canal tolls, the regional banks, the Mexican situation and the child

AVALANCHE OF LUMBER INJURES MAN

CHARLES FERGUSON, EMPLOYED AT SANTA FE, ESCAPES FROM ACCIDENT WITH CRUSHED FOOT.

Caught beneath a heavy pile of lumber today which toppled from a flat car, Charles E. Ferguson, employed as a "car whacker" at the Santa Fe, received a badly crushed right leg.

His cries attracted the attention of fellow employees who rushed him on an improvised stretcher to the Abbott hospital where his injuries were given prompt attention.

Ferguson was engaged in unloading the car when a side brace gave way and the entire mass of lumber fell over upon him. That he escaped death is considered a miracle as he was completely buried beneath the lumber.

Former Fighters Meet.

Walter Matthews, with about 30 other men formerly in service on the Battleship Oregon, met in the Marin Island navy yard Sunday to discuss a plan to bring that old vessel to San Francisco for the fair next year by steaming her through the Panama canal.

"NO FRICTION" SAYS BEAUMONT IN TRANSFER OF FRESNO PAPER

Takes Over Interest of J. V. Van Eaton Formerly With Sacramento Union. Refuses to Talk About Change.

J. V. Van Eaton, for three months editor of the Fresno Herald, severed his connection with the paper yesterday, selling his interests to M. J. Beaumont, president and manager of the Fresno Publishing Company. Any intimation that there had been discord between the editor and the president of the company, was denied last night by Van Eaton. Beaumont declined to make any statement.

That the field was not broad enough for both of them and it became a matter of one or the other leaving the paper, was the statement made last night by the retiring newspaperman. Van Eaton declared that there had been no strife between Beaumont and himself and that they parted just as they formed a partnership three months ago—the best of friends.

"Mr. Beaumont and myself simply came to the conclusion that the field was not sufficiently broad for both of us. His price to me was better than my price to him, so I am out and he is in. That is the whole situation from a business point of view."

Van Eaton added that he was going to leave Fresno and make his home in San Francisco until after the Panama-Pacific Exposition. He plans to do literary work.

Beaumont when seen last night and asked for a statement regarding his purchase of Van Eaton's interest or the future policy of the paper, said: "You can't get anything out of me."

Beaumont went to Fresno from this city and Van Eaton was connected with the Sacramento Union. They took charge of the Herald on July 1.

BOYS IN BLUE ARE RUSHED TO FRONT

That Uncle Sam still has a hankering to keep his boys in blue in the land of Villa and cactus plants was shown yesterday by the fact that two Santa Fe trains carrying khaki clad soldiers from the Presidio in San Francisco waited through this city bound for Los Angeles where they will change trains for Vera Cruz.

BIG RECEPTION IS PLANNED IN HONOR OF PASTOR

Rev. C. A. Young Formerly of Christian Church Guest of Honor Thursday Night.

A reception will be held on Thursday evening of this week at the Christian church at Sixth and Blissett in honor of Rev. C. A. Young, retiring pastor of the church. Rev. Young has accepted a call to the South Berkeley Christian church but leaves his local charge without serving the bond of unity, love and regard which has held him since February last.

Miss Jean McLean has charge of the program for the occasion and announces several interesting numbers. Another committee has been named to arrange for the refreshments of the evening.

The following program is to be given:

High School Orchestra.
Duett, Mrs. S. Philpott and Vera Wyatt.
Solo, Mrs. E. M. Ferguson.
Reading, Mrs. Stanley.
Violin solo, Adel Downing.
Selection, Orchestra.
Reading, Mrs. Ethelyn Johns.
Remarks, Mr. J. E. Zumwalt.

The matter of selecting a permanent pastor for the church is still in the balance. Rev. L. C. Martin of Calistoga was present last Sunday, and he may yet announce himself as a candidate. The Rev. Frank Ford, of Alameda, who is well known and well liked here, and who it is understood, was being considered for the place by the church board, has accepted a call to Williams, Cal.

Tilden will use the roadster in connection with the work of his office.

RICHMOND WOMEN ATTEND MEETING ACROSS THE BAY

Local Republican Organization Hears Mrs. Fredericks—To Entertain at Tea Next Wednesday.

Mrs. Nellie K. Cushing, president of the Richmond Women's Republican club, with several other officers and members of the organization attended a meeting of the Republican women in the St. Francis hotel in San Francisco yesterday. One of the principal themes of the afternoon's discussion was the meeting which will be held in this city on Wednesday afternoon of next week.

On this occasion the women will be addressed by several of the women foremost in California politics, including Mrs. Joseph R. Knowland, wife of Congressman Knowland, and Mrs. Helen K. Williams, erstwhile candidate for nomination for lieutenant governor. Other women, prominent in the political

REV. W. S. KELLY IS GIVEN PASTORATE OF OAKLAND CHURCH

Cabinet Retains Rev. D. W. Calfee. Switches Rev. David Ralston to Corning and Rev. Chynoweth to San Francisco.

With few changes made in the appointments of pastors to the charges of the San Francisco, Oakland, Napa and Sacramento districts the California Conference of the Methodist Episcopal Church came to a close at the First Church, Oakland, last night when Bishop Francis J. McConnell read the list of appointments agreed on by the cabinet.

The Rev. W. S. Kelley who has been in charge of the First Methodist church on the west side for the past year has been appointed pastor of the Twenty-fourth avenue church in Oakland.

Rev. Kelley since taking up his pastorate in this city has made a large number of friends who will be sorry to learn of his having been changed.

INDUSTRIAL COMMISSION BLAMES ELECTION DEFEAT ON PERSONNEL OF BOARD

GOES ON RECORD AGAINST PROPOSITION TO INCORPORATE RICHMOND INTO SEPARATE COUNTY—ASK CITY COUNCIL TO PROCEED WITH PLANS FOR HARBOR EVEN THOUGH GOVERNMENT APPROPRIATION SHOULD BE HELD UP UNTIL MARCH OF NEXT YEAR.

At a meeting of the Board of Governors of the Richmond Industrial Commission held yesterday afternoon, a motion was adopted asking the council to proceed with the work of constructing the Inner Harbor, even though the matter of the Government appropriation should go over until the March session.

A motion declaring that the Commission had never taken up and was not in favor of an attempt to form a City and County of Richmond was also carried. The members expressed the belief that such a proposition had no merit at the present time and that even if it could be accomplished it would entail a burdensome expense.

ERNEST WILLIS AND GLADYS POND MARRIED IN OAKLAND

Second Son of Former Mayor Marries "on the Q" and Wires Ahead to Secure The Parental Blessing.

The second quiet marriage involving the family of Councilman J. B. Willis of this city was announced last evening at the home of J. B. Willis when a message, brief in its import was received by Councilman and Mrs. Willis as they sat at dinner in their home on Oregon avenue. "We were married in Oakland," was the text of the message. It was signed by Ernest Willis and Gladys Pond. The bride is the daughter of Mrs. F. S. Pond of 1210 Barrett avenue, and is popular in the local social contingent. She has been connected with the Richmond telephone exchange for several months. Willis is a clerk in the employ of the Standard Oil company.

About three weeks ago Albert Willis, eldest son of Mr. and Mrs. Willis, "went on a vacation" and, in a manner like that employed by his brother, notified his folks of his marriage to Miss Irene Wunderlich, daughter of Mr. and Mrs. C. H. Wunderlich of the west side.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

ADMINISTRATION "MAKING GOOD"

One of the remarkable features about the conditions existing as a result of the European eruption is the seeming demand for the exercise of government authority in matters which in ordinary times have been considered as outside the proper sphere of government.

We see the federal congress laws providing for government transportation lines to carry our foreign trade, with possible government insurance for cargoes of private owners. We see measures introduced in congress for federal regulation of the stock exchange with a view of eliminating the gambling features of the institution. We see bills in preparation which will largely curb the speculative evil on boards of trade and operate to prevent the manipulation of grain prices and food stuffs. We see bills being drafted for the regulation of cold storage plants in order to prevent the selling of food products for the purpose of price boosting. We see the government exerting itself to protect buyers of necessities from extortion and using its resources to care for citizens stranded in foreign ports.

These are all worthy purposes and the people of the United States are mighty lucky to have an administration such as this one is, and such a man at the helm of government as President Woodrow Wilson. A year ago, however, thousands who now endorse these governmental activities would have denounced them as "paternal" and "socialistic."

When crises come people are not frightened by words and phases if only the results are achieved. It sometimes takes a hard jolt to bring us back to the realization that the chief purpose of government is the greatest good to the greatest number, and not be mere conversation of precedents.

HISTORY REPEATING ITSELF

In 1870-71 France and Germany chose to drop all other interests and to devote their energies to the attempt to destroy each other. The military took possession of the roads over which the products of the farms had been accustomed to move to market. The railroads were clogged with troop trains. Factories were closed. Commerce in the two nations was virtually paralyzed for months.

The American Machinist after publishing this history which we all might well have imagined, recites a number of facts which few of us may be familiar. It points out that, because of the war on the continent, England experienced a tremendous industrial expansion. Her wage payments, which in 1870 amounted to \$2,200,000,000, rose to \$2,700,000,000 by 1875. In four years, her income from manufactured products was increased from \$5,500,000,000 to \$6,700,000,000.

Says the American Machinist:

"History repeats itself.

"In 1870-74, England was manufacturing for the world. In 1914—the United States must manufacture for the world."

Captain Fredericks spent about \$10,000 in his campaign, but he got the nomination, which is some consolation. Chet. Rowell, on the other hand, spent quite a wad, also, lost his night shirt, knife and spectacles, was beaten to a frazzle and got back to Fresno with nothing but an overdraft in the bank and a headache.

The commanders of the warring armies all invoke the favor of the same God when they go into the battles, forgetting that Christ taught peace and forbade war and strife. No just God sanctions any such unholy bloodletting as is now going on over there, and the curse of an outraged deity is more likely to fall in wrath upon them than the blessings they so glibly ask for.

When the warring nations get ready to negotiate for peace, President Wilson will be the man selected as arbiter, because the whole world believes and knows that he is absolutely just and fair to every man and nation. He has made a wonderful record in this direction so far, and it is one to be proud of.

MEN ARE SILLY THINGS

Men tackle other citizens they've never seen before, and stick them with their stickers and dabble in their gore; they get behind and run them across the sylvan scene, and when they come up with them they baste 'em on the bean. Men whose life endeavor has been to raise the spud and make a pack of onions are hungering for blood. They meet another feller they've loved in time of peace, whose life would fit with their life as smooth as axel grease; but instead of kindly greeting they meet him with a whack, and chase him o'er the gullies and rip him up the back; while they whet up their saber and search for umshed gore. They slaughter perfect strangers at the behest of kings; and so we rise to ask you, ain't men the silly things?

Crazy Mexico! There is no doubt

Its seat of war is all worn out.

And Europe, too, needs some patches,

Where Germany has left its scratches.

The ailment known as "housemaid's knee" is not because of kneeling in prayer.

The war of this week seems to be about the same as the war of last week only more so.

Abe Martin says the longer you take in selecting a canteloupe the worse one you get.

The good housewife has a right to feel proud over the forty cans of fruit she has put up for her beloved ultimate consumers.

When the drunkard and his money are parted it is hard for him to get audience even with the bartender.

Sometimes when a fellow nails a horseshoe on the door for luck he feels next day like pulling it down and throwing it at his fellow man.

Another woman has shot a man "because she loved him so." She should have married him. Matrimony (most of it) is less violent.

"Alcohol is a Food and not a Poison," shrieks a booze-promulgating publication. However, those who dally with it are generally short of other food.

Most every saloon-keeper says there is no money in the saloon business, but it will be noticed that the applications for licenses keep up about the same as ever.

One United States senator made a speech against the rivers and harbors bill that lasted twenty hours. That man knew more about wind than water.

In order to be neutral it is no necessary that you drink as much saki as you do vodka, and as much vodka as you do English ale, and schnapp as Austrian brew.

The fashion papers state the women are thinking seriously of taking a rest from silks and satins and using cotton goods almost exclusively for a change. Married men will please rise and sing the doxology!

Mexico has broken out in a fresh spot, with Villa on the warpath against Caranza. The Mexicans are clearly incompetent of self government and there seems to be nothing to do but just let them fight each other until, like the Killenny cats, there is nothing left but the tails. The biggest half of the world seems to have gone stark raving war mad and blood crazy.

Western opinion states that last week the wholesale price paid for salmon to the fishermen was one and a half cents a pound, and that the price charged the consumer was fifteen cents a pound. The San Francisco fish trust needs the attention of the state or federal authorities, or both. Its methods are as rotten as some of the fish it handles.

GERMANS TRY TO BUST LEFT WING OF PARIS

PARIS, Sept. 29, 11 a. m.—To-day official announcement says: "The information regarding the situation on the left wing is favorable."

"At the center our troops have successfully withstood new and very violent attacks."

"We have advanced slightly on the heights of the Meuse."

"In the Woivre district dense fog has caused a virtual suspension of operations."

"On the right wing (Lorraine and the Vosges) the situation is unchanged."

The following official communication was given out in the afternoon: "There is nothing now to report in the general situation. Relative calm prevails along a portion of the front. Nevertheless, at certain points, notably between the river Aisne and the Argonne district, the enemy has delivered further violent attacks which, however, have been repulsed."

PUBLIC NOTICE

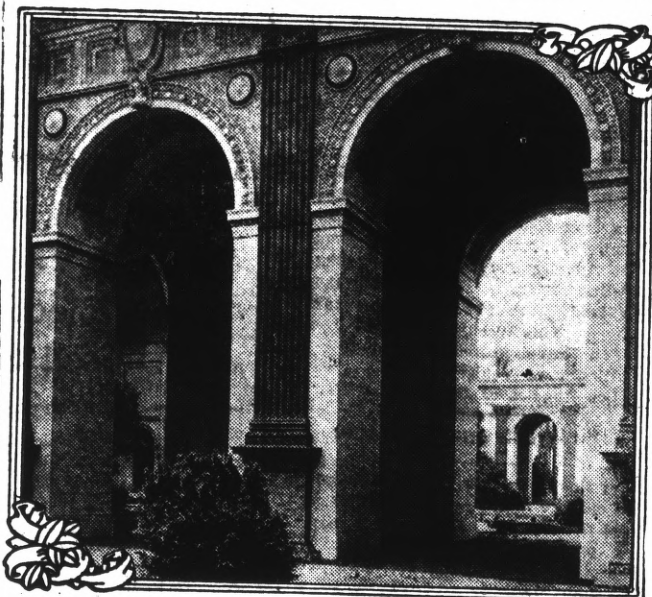

NOTICE OF FILING REPORT OF COMMISSIONERS IN MATTER OF WIDENING OF CUTTING BOULEVARD IN THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, FROM THE EASTERLY LINE OF 16th STREET TO THE EASTERLY LINE OF THE GRIFFIN AND WATROUS ADDITION TO A UNIFORM WIDTH OF ONE HUNDRED AND TEN (110) FEET, IN ACCORDANCE WITH RESOLUTION OF INTENTION NO. 214 OF THE COUNCIL OF SAID CITY OF RICHMOND, ADOPTED ON THE 13th DAY OF APRIL, 1914.

Notice is hereby given that the Commissioners appointed by the Council of the City of Richmond, County of Contra Costa, State of California, to assess the benefits and damages and have general supervision of the proposed work of widening Cutting Boulevard from the easterly line of Griffin and Watrous Addition, pursuant to and in accordance with Resolution of Intention No. 214 of the said Council of the City of Richmond, adopted the 13th day of April, 1914, having made their assessment of benefits and damages and having made a written report thereof to the City Council of the City of Richmond, and having attached to said report a plat of said assessment district showing the lands to be taken for the said work or improvement and the lands assessed, showing the relative location of each district, block, lot or portion of lot and its dimensions, so far as the commissioners can reasonably ascertain the same; and said commissioners having done all things by law required of them to be done; now therefore,

PUBLIC NOTICE is hereby given that said report and plat were filed in the office of the undersigned clerk of the City of Richmond on the 19th day of September, 1914, and in pursuance of statute made and provided, the undersigned, A. C. Faris, Clerk of the City of Richmond, hereby gives notice of said filing of said report and plat, and all persons interested in said work or improvement are hereby notified and required to show cause, if any they have, why said report should not be confirmed by said Council, by filing objections in writing with the undersigned clerk of the City of Richmond at his office, No. 210 Washington Avenue, in said City of Richmond, as required by law on or before Friday, the 23d day of October, 1914, and up to the hour of 5 o'clock p. m. of said last named day, which said last named day is hereby fixed by the undersigned for that purpose.

Lofty Colonnades of the Superb Court of the Four Seasons, Panama-Pacific International Exposition, San Francisco, 1915

THIS photograph faintly portrays the beauty of the arches that stand between the Court of the Four Seasons and the Western Venetian Court. While it truly presents the attractiveness of the architecture, it cannot even hint at the beauty of color tones.

The pilasters shown in this photograph are of verd antique bronze, the background of imitation Travertine is of ochre hue more than half the height of the arch, and the upper portion is of Pompeian red, with touches of orange and copper green in the ornamentation.

Inside the arches the ceilings are of cerulean blue, and bas-relief in white shows scenes typical of the seasons. The square wall surface at the left of the picture shows where one of many mural paintings will be placed.

Looking through the arch, a part of the Court of the Four Seasons may be seen. Closer inspection shows a verse from Spenser and below it the signs of the Zodiac.

The world is to be given something new in the system of courts at the 1915 Exposition, and each one is to be a revelation in modern construction. The Exposition will open at San Francisco on Feb. 20, 1915.

WOMEN CONSIDER NEW CLUBHOUSE

The women of the West Side Women's Improvement club at their meeting held yesterday afternoon started a movement which is to eventually result in the construction of a club house for their organization. The meeting was held at Fraternal hall and while the attendance was not so large as usual, the enthusiasm was at its height. The necessity of securing option of several pieces of property with the view to entering into negotiations for a building.

MACCABEES BID TO WHIST PARTY

The local Maccabees will be hosts at a whist party on Thursday evening of this week at Bank hall. This is but one of a series of social events under contemplation by this popular organization. The committee in charge has secured a number of valuable and attractive prizes, and the twenty-five cent admission fee will include the refreshments of the evening. A good time is scheduled for the lovers of the game.

SPEAKERS TELL OF PROHIBITION MOVE

Rev. W. S. Stewart, pastor of the Calvary Baptist church and Mrs. V. D. Geoghegan, ardent advocates of the California Dry movement were speakers last night at a meeting held at the corner of Seventh street and Macdonald avenue. J. Ross, of Modesto, scheduled to be a speaker was not present. Mrs. Geoghegan declared that the grape industry was next to the smallest of the recognized California industries, and Rev. Mr. Stewart pointed to the practical advantages of a dry state. The meeting was well attended.

CLUBWOMEN SET BUSINESS ASIDE TO PLY NEEDLES

The usual consideration of the weighty affairs of civic improvement were set aside, and the needle and fancy work supplanted them at the meeting of the Richmond club yesterday afternoon. The products of their afternoon efforts will be placed on sale at the fair to be held by the organization on the 8th and 9th of the coming month. There will be no set program for the club members between the present and the date of the fair.

The club house has been made ready to receive the large number which have secured tickets for the big whist party tomorrow evening. The proceeds will be used in preparation for the bazaar.

SMELTER ALLOWED TO COOL SLOWLY

The last furnace which has been operating at the Mountain Copper smelter was closed down Sunday and the big smelting plant is now dark and quiet although work is still going on in the fertilizing department. Owing to the fact that the immediate cooling of all furnaces would have meant the ruination of the big concrete stack recently built at a cost of \$12,000, the furnaces were closed down gradually until the stack had cooled sufficiently to permit the drawing of the last fires.

MAJESTIC THEATRE MAY BE REOPENED

That the Majestic theatre, on Macdonald avenue near Twelfth is to again be reopened as an amusement palace under the management of J. R. Kaiser, a hotel man of Boise, Idaho, has been announced from good authority. Kaiser is expected to sign the lease this afternoon for the opening of the theatre. It is understood that the place will be entirely remodeled and the ventilation system changed so as to convert the building into a modern and safe place.

HITTING the telephone does not improve the service. When a man's watch fails to keep time properly he consults an expert—a watchmaker. Yet many, when the telephone does not work as they think it should, hammer the instrument, which is just as delicate and complicated as a fine watch.

We realize that your telephone is as liable to get out of order as your watch, automobile or sewing machine, and we therefore maintain a force of expert instrument men whose duty it is to keep every telephone in perfect working condition.

When there is trouble don't "hit your telephone." Call our Complaint Department.

MT. EDEN TEAM WILL TANGLE WITH ELKIES HERE NEXT SUNDAY

Newark, the Concord of Contra Costa county, has a history of its own. It is a pretty little place, is Newark and it is especially noted for its products. They produce pumpkins, oats and girls. Occasionally they produce a baseball player. The only difference between New Ark and the Old Ark is that the latter was presided over by Noah. New Ark is presided over and controlled to an extent by Moses. Moses conducts a lumber mill there. If you have occasion to doubt this information, we refer you to the Pacific Telephone Co's. Unabridged Directory.

Among other qualifications of Newark, which indicates that the town may some day or other work its way into the position and standing that Richmond now enjoys, is the supreme timidity with which baseball team manager to get by. The Newark lads actually had the nerve to send a challenge to the Richmond Elks. While their courage is to be admired, it remains that their judgment might well be questioned. President Luce and the boys, with Manager French as the moving spirit held a conference at which the challenge was considered. The communication intimated that the team had cleaned practically every team in Alameda county worthy of its steel, which may not be saying a great deal from the standpoint of the local fan, but at the same time it may mean much to them. After some discussion it was decided to take the lads on for a round or

two. The challenge, then was accepted and the terms arranged.

Newark, therefore, will be here Sunday. They are coming with a special excursion, and according to Monogor Howard French they will bring a following of two hundred at least, and the Newark musical band. That is, they will bring the band if the Richmond fans will promise not to laugh. It is said though, that the boys gave a creditable performance at the last spasm of the county fair.

The lineup for the visitors has not been announced, and probably will not be until Saturday. This will give them plenty of time to rope in all the leaguers they are capable of landing between now and the day of the game.

The Richmond line-up will remain the same as last Sunday. It is announced. Pop Arlett will be on the mound. Last Sunday his showing was but fair. He struck out but 15 men, and allowed, simply gave away—three whole hits. But then the team managed to work in three honest runs, so he could hardly be blamed. It is expected that he will make a better showing against the Newark visitors Sunday.

Word was received late this afternoon from Mr. So Kolds to the effect that he may be in attendance at the game next Sunday. Funds are low, he writes, and between now and the day of the game he will sit at one of the dynamite kegs at the Giant Powder works, from whence he writes, smoking at his

MARTINONI STILL LEADING LEAGUE

Martinoni of Portland is still the pacemaker among the Pacific Coast league pitchers. Martinoni won in his only start last week and has now nine victories to his credit, with two defeats, giving him the handsome average of .818. Higginbotham, who has shouldered the heavy work of the Beaver staff this season, is Martinoni's nearest rival. Martinoni formerly pitched for the Antioch merchants.

cigar, waiting for something to happen.

The future activities of the Richmond team sounds unusually interesting. Week after next, on the 11th, the Elks will travel to Petaluma in an effort to recover the honors lost in the former series with that team. The boys have made plans to take the trip by means of their own, but these means will be maintained a secret until the day of the proposed journey for fear that Petaluma will attempt to pull another Grace Barton stunt.

The week following a return game is to be played on the local lot. If Richmond can get away with two straights from Petaluma, she will have found her place in the present class uncomfortably small and will of necessity seek larger quarters.

But the great day is coming on the week following, the 25th, to be exact. On this day the Richmond team makes its fourth trip to Concord to contest honors with that team again. Two of the series of five games have been won by Richmond and the remaining two will, it is believed, complete the spelling of the word "doom" for the Concordians.

LOCAL HARBOR PLANS BEING SHOWN IN CHILI

CITY PLANING EXHIBIT SHOWN IN OAKLAND AND SAN FRANCISCO RECENTLY IS NOW ON DISPLAY AT SANTIAGO, IN CHILI—RICHMOND REPRESENTED.

San Francisco and the East Bay cities are receiving some desirable publicity in South America through their representation in the city planning exhibition which opens in Santiago, Chile, September 14th. This exhibition which includes a relief map or mould showing the proposed Richmond harbor, was prepared in the fall of 1913 by the American City Bureau of New York, and during last winter and spring was displayed in New York City, Jersey City, N. J., Oakland, San Francisco

and Los Angeles, and Toronto, Ont. One of the aldermen from Santiago visited the United States several months ago and was so impressed with the value of the exhibition that he made strong recommendation to the mayor of that city that arrangements be made with the American City Bureau to bring the exhibition to Santiago. Negotiations were finally completed by cable in July last, and included the printing of 10,000 copies of a catalogue of the exhibition translated into Spanish.

PHELAN, HENEY BURR'S DEATH AND KNOWLAND WILL BE HEARD WAS ACCIDENTAL DECLARES JURY

Big Banquet Will Be Held In San Francisco Saturday Night at Which Three Aspirants Will Be Given Time.

Arrangements have been made by the San Francisco Civic Improvement club for a banquet to be held on Saturday evening of this week at Hale's Pompeian Hall. This meeting is to be addressed by the three aspirants to the next term seat in the United States Senate, namely James D. Phelan, Democratic; Jos. R. Knowland, Republican, and F. J. Heney, Progressive. The banquet will be a public affair and it is understood that a number of local politicians of the several parties will be present.

In your search for the happiest man do not overlook the negro playing a slide trombone.

That the death of William Burr was caused from loss of blood, resulting from a gunshot wound, accidentally inflicted by himself was the finding of the coroner's jury sitting in the case of Burr at the Smallwood chapel last evening. The story of Miss Mattie Jones, who was a witness to the accidental shooting was the most creditable given. Miss Jones stated that the party made persistent efforts to receive aid after Burr had been shot but that no one appeared willing to help them. Others to testify were Miss T. Jones, William Broom, Phillip Green, Ernest Burr, brother of the deceased, and Dr. Hall Vestal who attended Burr at the Hospital. C. E. Carlson was foreman of the jury.

What has become of the o. f. man who used to boast that he went to bed with the chickens?

A Message From President Wilson

In a Letter to John T. Waldorf of San Francisco, he Urges the Voters of California to Elect James D. Phelan United States Senator.

PRESIDENT WILSON

JAMES D. PHELAN

THE WHITE HOUSE WASHINGTON

September 11, 1914.

My dear Mr. Waldorf:

I was most gratified to hear of the nomination of former Mayor James D. Phelan for United States Senator. He has been in close touch with the administration in Washington, and has heartily supported the policies which have been inaugurated for the benefit of the people,—policies which, I am pleased to be informed, have met with very general approval.

The work has been well begun, and it is manifestly important for its successful continuance and prosecution that the administration should not be refused support in the Senate and House at the forthcoming election.

Therefore, I appeal not only to Democrats, but to all independent citizens to rally to the support of the men who have expressed a willingness to sustain the administration and carry on the work designed for the benefit of all. It is not so much mere party success that concerns the average citizen as sound and efficient government, and a party can best deserve credit by giving the best service to the country.

Sincerely yours,

Woodrow Wilson

James D. Phelan—

- Three times Mayor of San Francisco.
- Prevented renewal of franchise of old Geary street railway, San Francisco, thus making present successful municipal line possible.
- Appointed first woman who ever held an important public position in San Francisco.
- Served as regent of the University of California.
- Commissioner to secure re-enactment of the Geary Asiatic Exclusion Law.
- Commissioner for Hetch Hetchy legislation before Congress to secure a mountain water supply for the cities around San Francisco Bay.
- Commissioner to Europe by appointment of President Wilson to support the United States Government's invitation to foreign countries to participate in the Panama-Pacific Exposition.
- Secured appropriation of \$500,000 for United States building at the Panama-Pacific Exposition.
- Declined ambassadorship to one of the great European nations, preferring service at home.
- Led in the fight for a new charter for San Francisco, which insured home rule, civil service reform, responsible government and municipal railroads.
- Raised standard of pay for laborers in the city employ.
- Head of the San Francisco Relief Committee in the disaster of 1906. Appointed by the President custodian of the relief fund aggregating \$10,000,000.
- Worked and spoke before the Legislature for the enactment of an anti-alien land ownership law.
- Experienced, capable and untrammelled, he would have but one client in Washington, the people of his native State.

NOTICE OF IMPROVEMENT INVITING PROPOSALS THEREFOR

Pursuant to Statute and to Resolution Ordering Work No. 247 of the Council of the City of Richmond, adopted September 28, 1914, directing this notice, NOTICE IS HEREBY GIVEN that for the following described Street Work, ordered by said Council, and to be done according to the specifications No. 247 posted, and on file in my office, and therefore adopted by said Council on the 31st day of August, 1914, by Resolution adopting Plans, etc., No. 247 to which reference for particulars is hereby made, namely:

That Sixteenth Street from the southerly line of Ohio Street to the northerly line of Potrero Avenue, including the intersections of Florida, Maine and Virginia Streets with said Sixteenth Street, but excluding the intersection of Cutting Boulevard with said Sixteenth Street, be graded to its full width to the official lines and grades, paved with four and one-half (4½) inches of asphalt concrete and sidewalks, curbed and guttered with cement concrete. That corrugated iron culverts with concrete wing walls and portals be constructed on the easterly curb line of Sixteenth Street across Florida, Maine and Virginia Streets; and under the sidewalk return on the northwesterly corner of the intersection of the said Sixteenth Street with Florida, Maine and Virginia Streets.

Excepting any of the above work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and further excluding any of the above work now in the official lines, grades and specifications.

All of the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of the said Council held on the 31st day of August, 1914, and numbered 247, now on file in the office of the City Clerk of the City of Richmond, reference thereto being hereby especially made.

That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911" determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of Five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of Twenty-five Dollars (\$25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days in January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

Sealed proposals are hereby invited to be filed in the office of the undersigned, City Clerk of said City, on or before 8 o'clock P. M. Tuesday, October 13th, 1914.

Bidders must file with each proposal a Check, certified by a responsible Bank, payable to the order of the City of Richmond, for an amount which shall not be less than ten per cent of the aggregate of said proposal, or a Bond for said amount, payable as aforesaid, signed by the bidder and by two sureties, who shall justify, before an officer authorized to administer an oath, in double the said amount, over and above all Statutory exemptions. Bids received as above will be opened at 8:30 P. M. of said last named day.

Dated at the Clerk's office, City of Richmond, this 29th day of September, 1914.

"THE SPOILERS" IS ACME OF THE MOVIE WORLD

Perhaps no moving picture staged before the American public has attracted as much attention and publicity as "The Spoilers" by Rex Beach.

This picturesque rugged romance of the Yukon has a love story with a splendid imagination that grips and holds the sympathies.

"The Spoilers" presents the most stubborn, strenuous and exciting fight ever pictured which is the acme of realism. In this wonderful movie picture a whole town is dynamited, followed with a volcanic eruption which comes so near being the real thing that one can almost hear the shouts and cries of the unfortunate.

The minority members of the Richmond Humane Society will meet at the Lincoln Grammar school this evening and protest against the present administration.

Carleton Washburn, teacher in one of the normal schools in San Francisco, will preside at the meeting.

PUBLIC NOTICE

NOTICE OF FILING REPORT OF COMMISSIONERS IN THE MATTER OF THE OPENING AND EXTENDING OF VIRGINIA STREET, IN THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, FROM ITS PRESENT TERMINATION AT THE EASTERLY LINE OF THE CANAL SUBDIVISION TO THE SOUTHWESTERLY LINE OF POTRERO AVENUE, IN ACCORDANCE WITH RESOLUTION OF INTENTION NO. 200, OF THE COUNCIL OF SAID CITY OF RICHMOND, ADOPTED THE 2ND DAY OF SEPTEMBER, 1913.

NOTICE IS HEREBY GIVEN, that the Commissioners appointed by the Council of the City of Richmond, County of Contra Costa, State of California, to assess the benefits and damages and have general supervision of the proposed work of opening and extending Virginia Street from its present termination at the easterly line of the Canal Subdivision to the southwesterly line of Potrero Avenue, pursuant to and in accordance with Resolution of Intention No. 200 of said Council of the City of Richmond, adopted the 2nd day of September, 1913, having made their assessment of benefits and damages and having made a written report thereof to the City Council of the City of Richmond, and having attached to said report a plat of the said assessment district showing the lands to be taken for the said work or improvement and the lands assessed, showing the relative location of each district, block, lot or portion of lot and its dimensions, so far as the Commissioners can reasonably ascertain the same; and said Commissioners having done all things by law required of them to be done.

Now, Therefore, Public Notice is hereby given that said report and plat were filed in the office of the undersigned, Clerk of the City of Richmond, on the 29th day of September, 1914, and in pursuance of statute made and provided, the undersigned, A. C. Faris, Clerk of the City of Richmond, hereby gives notice of said filing of said report and plat, and all persons interested in said work or improvement are hereby notified and required to show cause, if any they have, why said report should not be confirmed by said Council by filing objections in writing, with the undersigned Clerk of the City of Richmond, at his office, No. 210 Washington Avenue, in said City of Richmond, as required by law, on or before Friday, the 30th day of October, 1914, and up to the hour of 5 o'clock P. M. of said last named day, which said last named day is hereby fixed by the undersigned for that purpose.

Dated September 29, 1914.

HARBOR PLANS BEING SHOWN IN CHILI

(Continued from Page One)

people of Richmond, and this brought on a discussion as to whether a new Water Commission would not be advisable. It was suggested that if a new board were formed all persons having legitimate projects could appear before it with their own engineers, and out of the propositions made some good and feasible one might be found.

Just which members of the water commission were not in favor, if any, those that had heard the reports of dissatisfaction with the personnel of the Water Board had not learned.

A resolution was adopted to the effect that if the people of Richmond had lost confidence in the water commission or its engineers, or in any particular members of the commission, that body should be re-established and new engineers employed.

One suggestion made was that all members of the Water Board resign and re-appear on the ballot for re-election, along with any other citizens that might be put forward and the people would have an opportunity of renouncing such members of the present Board as it desired.

The supervisors have levied an 8-cent tax levy for the Richmond Municipal Water District, which gives funds for intelligent and effective work if used to the best advantage.

JAS. D. PHELAN MEETING WITH MARKED SUCCESS

SAN FRANCISCO, Sept. 29.—Former Mayor James D. Phelan of this city is making a thorough canvass of the state in his campaign for the United States Senatorship. Since the primary election he has delivered speeches in a large number of counties, including Sacramento, El Dorado, Calaveras, Tuolumne, San Joaquin, Santa Clara, Alameda and Marin.

This week Phelan is campaigning in Fresno, Kings, Tulare and Stanislaus counties. Next week he goes to Eureka, after which he returns to address a number of mass meetings in Fresno and Bakersfield. Later he will go south to conclude his campaign in that section.

Reports received here are to the effect that all of Phelan's meetings are being well attended. In every speech he lands the Wilson administration and contends that its record entitles it to endorsement at the polls in November.

NOTICE TO CONTRACTORS

Sealed bids for the furnishing of all materials and for the construction of a lavatory building and system according to the plans and specifications adopted by the Board are invited and will be received by the Board of Education at their office in the Lincoln School, Richmond, California, up to and including the hour of 8 o'clock p. m. of Wednesday, September 30th, A. S. O. WAGES WAR AGAINST DUTCH SHELL

The agreement reached between the Standard Oil company and the Chinese government, in view of its struggle with the Royal Dutch, is of importance. If the exploration of the Yen Chang, Yen Au Fu and the Chengetetu fields and the provinces of Shensi and Chini is profitable to the Standard, the Standard will have control of the Chinese oil market. This would be a great blow to the Royal Asiatic Company which has been the Standard's competitor in the Far East.

It is reported that the Dutch group is trying to acquire a share in the interests of the Mesopotamia oil fields' development, and that the Deutsche Bank intends to cooperate in the exploitation. The Royal Dutch a few years ago made efforts to acquire an interest in the rich fields around Tampico, and under Huerta permission was secured to begin operations under the name of the La Caroma Oil company.

The latter was very successful in striking oil. One of its wells in the vicinity of Panuco early this year began to gush at the rate of 15,000 barrels a day and subsequently the flow increased to 100,000 barrels a day. It is now making an average of 30,000 barrels a day, and up to March had produced 1,200,000 barrels, it is claimed. The

JOHN NICHOLL MAY SELL WATER SUPPLY

The well of John Nicholl, drilled three years ago for the purpose of obtaining oil has been found to be one of the best water wells in this section, from the standpoints of quality and quantity. The water is of the best variety obtainable here and the yield, it is estimated, is about 500,000 gallons per day.

Nicholl has not announced as to what he will do with the water. He may install a private distribution system from the tank to the houses owned by him in that section, and again he may sell the water to private corporations. The water is declared by experts to be entirely free from alkali and other destructive elements.

present unsettled condition around Tampico severely handicaps operations, but the Carona will be a valuable acquisition for the Dutch people in time.

European capitalists have organized at San Francisco the Valley Pipe Line Company with \$10,000,000 capital with W. Meinske-Smith, chief American representative, as manager.

The various auxiliary companies are rapidly increasing production, especially in the Rumanian fields. A question of great importance in the Dutch East Indies is as to who will be granted the Djambi concessions. When, in 1912, the Dutch government invited explorations, the Standard backed the Dutch Colonial company in order to be in a position to apply for the concessions. No decision is expected before January 15, 1915, but it is said to be generally believed that the Dutch company will win out.

THE RURAL PRESS

The Local Paper a Most Useful Agency on the Farm—The Press, Pulpit and School a Trinity of Influence That Must Be Utilized in Building Agriculture.

By Peter Radford.
Lecturer National Farmers' Union.

A broad campaign of publicity on the subject of rural life is needed in this state today to bring the problems of the farmers to the forefront. The city problems are blazoned upon the front pages of the metropolitan dailies and echoed in the country press, but the troubles of the farmers are seldom told, except by those who seek to profit by the story, and the glitter of the package oftentimes obscures the substance. A searching investigation into the needs of the farmers will reveal many inherent defects in our economic system that can be easily remedied when properly understood and illuminated by the power of the press.

The rural press, the pulpit and the school are a trinity of powerful influences that the farmer must utilize to their fullest capacity before he can occupy a commanding position in public affairs. These gigantic agencies are organized in every rural community and only await the patronage and cooperation of the farmers to fully develop their energy and usefulness. They are local forces working for the best interests of their respective communities. Their work is to build and their object is to serve. They prosper only through the development and prosperity of the community.

Every farmer in this state should subscribe for the local paper, as well as farm periodicals and such other publications as he may find profitable, but he should, by all means, subscribe for his local paper, and no home should be without it. The local paper is part of the community life and the editor understands the farmer's problems. It is the local press that will study the local problems and through its columns deal with subjects of most vital importance to local life of the community.

A Noble Task.

In too many instances the country papers mimic the city press by giving prominence to scandals, accidents and political agitation. The new rural civilization has placed upon the rural press renewed responsibilities, and enlarged possibilities for usefulness. It cannot perform its mission to agriculture by recording the frailties, the mishaps and inordinate ambitions of humanity, or by filling its columns with the echoes of the struggles of busy streets, or by enchanting stories of city life which lure our children from the farm.

It has a higher and nobler task. Too often the pages of the city dailies bristle with the struggle of ambitious men in their wild lust for power, and many times the flames of personal conflict sear the tender buds of new civilization and illuminate the pathway to destruction. The rural press is the governing power of public sentiment and must hold steadfast to principle and keep the ship of state in the roadstead of progress. The rural press can best serve the interests of the farmers by applying its energies to the solution of problems affecting the local community. It must stem the mighty life current that is moving from the farm to the cities, sweeping before it a thousand boys and girls per day. It has to deal with the fundamental problems of civilization at their fountain head. Its mission is to direct growth, teach efficiency and mold the intellectual life of the country, placing before the public the daily problems of the farmers and giving first attention to the legislative, co-operative, educational and social needs of the agricultural classes within its respective community.

The Power of Advertising.

The influence of advertising is clearly visible in the homes and habits of the farmers, and the advertising columns of the press are making their imprint upon the lives of our people. The farmer possesses the things that are best advertised.

The farmer is entitled to all the advantages and deserves all the luxuries of life. We need more art, science and useful facilities on the farms, and many homes and farms are well balanced in this respect, but the advertiser can render a service by teaching the advantages of modern equipment throughout the columns of the rural press.

The farmers are in need of personal leadership. They have political leaders, but they need local industrial community and educational leaders.

Whirlpool
SANITARY
DISHWASHER
SEE WHAT SCIENCE
HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer
saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation
is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people. No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and cleansing them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a dipper of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

WHYS AND WHEREFORES OF THE TEMPERANCE CAMPAIGN

(Contributed by the W. C. T. U. Press Committee.)

"Loyal Order of Moose of Michigan Banish 'John Barley-corn.'"

"The Michigan State Association of Loyal Order of Moose, at its recent convention, adopted the following resolutions: 'Your committee recommend an amendment to the by-laws prohibiting the sale of intoxicating liquors in any hall or adjoining or communicating rooms where the state convention is held unless such hall, or adjoining or communicating rooms are closed at least one-half hour before the convention is open and remain closed during the sessions of the State convention.'"

"We further recommend that this State convention endorse and commend the movement started by the Loyal Order of Moose in prohibiting the sale of intoxicating liquors in the clubs or halls operated by subordinate lodges, and we favor the enactment of an amendment to the constitution and by-laws of the Supreme lodge, prohibiting the sale of intoxicating liquors in any hall or club operated by any subordinate lodge."

As all three political parties of the state of Idaho: Republican, Democratic and Progressive, have declared for prohibition, the St. Joseph (Mo.) Gazette remarks that the liquor men of the state will experience considerable difficulty in finding a place to spend their money in the campaign.

It is estimated that for every \$120 saloon license money paid, one boy must learn to drink liquor. Figure it out yourself, how many boys in Texas must learn to drink liquor in the next four years, and then ask yourself what guarantee you have that your own boy will not be one of them.—Waco, Texas, News.

A petition in favor of a vote on state constitutional prohibition, bearing 6,572 names, or more than twice the number required by law for the submission of the measure, has been filed with the Secretary of State of Arizona.

The Western office of the Rice-Stix Dry Goods Company of St. Louis, Mo., is located in Denver and is in charge of Mr. Will C. McCarty. Mr. McCarty has just given out a statement which explodes the ship-bolter that "Prohibition Kills Business" into smithereens.

"I have recently made a business trip through the western portion of

the state and everything looks favorable for the election in November," says Mr. McCarty. "The better class of merchants everywhere in wet as well as dry towns realize that their success will always be limited as long as there are saloons in their town.

"Our people in St. Louis (The Rice-Stix Dry Goods Co.) are recognized as being among the largest in our line of the business world, and our credit department figures that a man with the same amount of ability and capital in a dry town is entitled to from 25 to 33 1-3 per cent more credit than if he is doing business in a wet territory.

"Our most prosperous merchants and best accounts are those in dry towns.

"In the fourteen years that I have had charge of Colorado, New Mexico, Wyoming and portions of Kansas and Nebraska territory, for the various large wholesale lines, I have seen hundreds of towns go dry, and without exception there has never been one of them where business has not been better and merchants able to meet their obligations more promptly within thirty days after the town has gone dry.

"When a good business man is looking for a permanent location, he never selects a wet town. We have a merchant on our books at this time who owns a large number of retail stores in dry towns, who says he will open from four to six stores in Colorado if the state goes dry."—The Salida, Colo., Record.

Alcohol poisons the blood, arrests the development of the corpuscles and hastens their decay.—Professor Virchow, M. D.

Ex-Governor Beckham, of Kentucky, is a candidate for United States Senator. He is campaigning the state as a dry candidate. It is his main issue. He declares himself in favor of both state and national prohibition. It is predicted that he is certain to be elected in November. Mr. Beckham has always been loyal to the temperance cause and is not afraid of the John Barleycorn train. Think of a candidate for United States Senator in old Kentucky making a winning fight on the prohibition issue! No wonder the Kentucky distillers are dazed.—Ohio Issue.

The following is taken from the San Francisco "Examiner" of July 21: "In countries like France, Russia, England and America, where drinking has been greatly on the increase, the birth rate has been steadily diminishing. In France, the birth rate per capita is now only one-fifth of one per cent. In Prussia, one century ago, the birth rate per family was five, and now it is only two. In this country the birth rate in ten years has diminished eleven and four-tenths per cent.

"So startling are these figures in France and Russia that the Governments have appointed committees of investigation—in both cases the verdict has been alcohol.

It is said that alcohol is a remover of bad stains, but there are other things it removes also. It removes the smiles from the children and wife, it removes the furniture from the homes, once blessed and cherished by the once loving father. It removes good, strong manhood to a gutter drunkard and lastly the rotten beverage removes them to the silent grave-yard where their sins are buried beneath the sod and the wives and children are left homeless, clothless and without a chance in this big, free United States. Yes, we recommend alcohol as a remover.—Salida, Colorado, Record.

labor laws, and spoke with special emphasis on the diplomacy employed by Wilson in handling the United States part in the present disturbance in Europe. He explained why, under the present circumstances Phelan should be sent to Washington to represent the interests of California in the national congress.

Hayden paid his respects to Jos. R. Knowland and called attention to his record as congressman, and declared that not in a single instance had Knowland, as representative, voted in favor of any measure for the mutual benefit of his constituents. He related also of the unfriendly attitude of Knowland toward President Wilson and called attention to the fact that Knowland is the only Congressman who had ever been called to personal account by a president.

B. F. Fly, organizer of the Curtin campaign committee and campaign manager for Curtin dwelt at some length on the life of Curtin, public and private. He declared that the Democrats have no cause for worry over the fact that the Democratic registration is exceeded by the Republican registration bringing to light the fact that two years ago President Wilson carried San Francisco by 11,000 votes while the Republican registration in California exceeded that of the Democrats by 107,000.

A feature of the meeting was the attractive decorations of the hall. In the center of the platform was a life sized bust picture of President Wilson, loaned for the occasion by Hon. Jas. D. Phelan.
